Volunteers are The Heartbeat of Non-Profit Organization s.

Volunteers are often the driving force behind the success of non-profit and community-based initiatives.

1. Economic Value:

"Volunteers contribute an estimated **\$187.7 billion** to the United States through their time, talent, and effort (Independent Sector, 2020)."

Figure 1 | FTE global volunteer workforce vs. employment in ten most populous countries
FTE: full-time equivalent

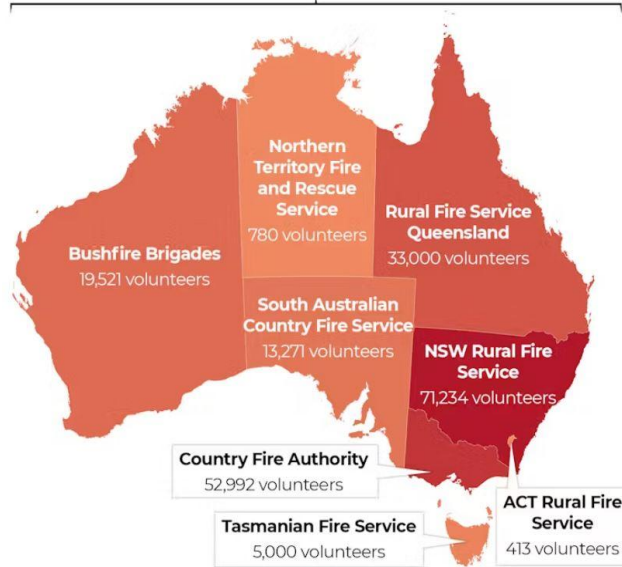

Volunteers are often the driving force behind the success of non-profit and community-based initiatives.

1. Economic Impact

Australia's volunteer firefighting forces

Volunteer firefighting services by state, Australia, 2020.

More than 195,000 Australians volunteer for firefighting services

2. Community Impact

In 2019, volunteers in Australia contributed over 520 million hours in community service (Volunteering Australia, 2019)."

3. Advocacy and Awareness

Mention the role of volunteers in raising awareness. During the 2020 wildfires in Australia, volunteers played a crucial role in awareness and rescue operations, demonstrating the power of collective action."

At the average weekly Australian wage, the volunteers contribute about **A\$1.3 billion** to the community.

**Volunteers
aren't just free
labor; they are
passionate
individuals
looking to
make a
difference.**

Why do we volunteer?

Many are motivated by the desire to contribute positively to society and **make a difference in their community.**

Volunteering offers a sense of achievement and personal satisfaction, with **94% of people reporting improved mood** from volunteering (HelpGuide.org, 2020).

Volunteers often seek to develop new skills or gain experience in a particular field. 73% of employers would recruit a candidate with volunteering experience over one without (LinkedIn Survey, 2019).

Volunteering provides an opportunity to meet new people, build friendships, and strengthen community ties.

Passion for a specific cause or issue drives many to volunteer, helping to support and advocate for matters they care deeply about.

Challenges in Volunteer Management

1. Recruitment & Retention

Engaging and keeping volunteers, especially in a competitive landscape.

Average volunteer **retention rate** is about **65%**, indicating a significant drop-off.

2. Training & Development

Providing adequate and ongoing training for diverse volunteer roles.

Limited resources for training programs, impacting volunteer **effectiveness and satisfaction**.

3. Resource Allocation

Many volunteer programs operate with less than **10% of their budget** allocated to volunteer management.

Balancing the budget between **volunteer needs and organizational goals**.

4. Communication Barrier

Diverse volunteer backgrounds and remote volunteering increase the **complexity of effective communication**.

Organizations should create **simple and streamlined communication methods** for volunteers.

5. Impact Measurement

Demonstrating **the value and impact** of volunteer contributions.

Organizations often lack the tools to **effectively measure** and communicate the impact of volunteer work.⁹

WHAT DID WE ACHIEVE?

A photograph of two hikers standing on a mountain peak, high-fiving. They are silhouetted against a bright, hazy sky. Both hikers have large backpacks. The background shows a vast mountain range under a soft, golden light.

Becoming a High
Performing Team

Principles of High Performing Team

Satisfaction and Collaboration

Team satisfaction and seamless collaboration emerge from met expectations and resolved conflicts, **enhancing engagement and productivity.**

Trust

It's the core element that supports all other aspects of team dynamics, allowing for **open communication, vulnerability,** and the **belief** in each other's abilities and intentions.

Sustainability

A culture of trust helps teams to adapt to changes and overcome challenges, ensuring **long-term effectiveness and success.**

Expectations Met & Conflict Resolution

Pivotal mechanism for fostering **alignment** and turning disagreements into **growth opportunities.**

HOW CAN WE KNOW EXPECTATIONS ARE MET?

METRICS

KEY METRICS FOR HIGH PERFORMING TEAMS

1. LOYALTY

Q: Do you plan to continue to be a volunteer at PMI TR after the summit is completed?

**LOYAL VOLUNTEER
RATE = ~ 96%**

Loyal Volunteer Rate

Loyal Volunteer Rate = Number of Repeat Volunteers / Total Volunteers

What is Loyal

Volunteer Rate? *High loyal volunteer rate is good – that means you're keeping most of **your team members happy**.*

How to Get Data

From PM Summit Volunteer Engagement Survey

Calculation

Number of Repeated Volunteers 23

Total Volunteers (joined to survey) 24

Total Loyal Volunteer Rate 96%

2. SATISFACTION

Q: Can you rate your satisfaction as a volunteer through your PM Summit journey?

**VOLUNTEER
SATISFACTION SCORE =**

Volunteer Satisfaction Score (VSS)

What is Volunteer Satisfaction Score? Volunteer Satisfaction Score **measures how happy your volunteers are.**

How to Get Data From PM Summit Volunteer Engagement Survey

	Score	Number of Responses	Total Score
Calculation	1	0	0
	2	0	0
	3	0	0
	4	5	20
	5	19	95
	TOTAL	24	115
VSS	4.79

Enhancing Volunteer Team Performance

1. Establish Clear Team Norms

- Robust ground rules & norms for effective communication, conflict resolution, and decision-making. Define roles, responsibilities, and communication protocols.
- **Practical Project Management (PM) Tools Used:** Ground Rules One Pager, RACI Matrix based on functions, Kanban Board, Gantt Chart, and Conflict Management Matrix

2. Ongoing Engagement

- Through regular, structured check-ins, the team maintained a continuous feedback loop that not only affirmed their progress but also identified areas in need of development.
- **Practical PM Tools Used:** Check-in Meetings, Capability & Capacity Discussions, Regular Lessons Learned & Brainstorming Sessions,

Take an inquiry stance.

Ground statements in evidence.

Assume positive intentions and take responsibility for impact.

Stick to protocol and hear all voices.

Start and end on time.

Be here now.

Enhancing Volunteer Team Performance

3. Reflective Practices

- Reflect on past projects to celebrate successes and learn from challenges.
- **Practical PM Tools Used:** A Retrospective Board for successes, challenges, and learnings. Personalized Thank You Notes. Sharing success stories and case studies internally (and externally (on social media or organization websites). Virtual Team Gatherings to Celebrate Together.

4. Invest Developing Team Skills

- Targeted leadership development trainings
- **Practical PM Tools Used:** Hosting Live Training Sessions, Workshops, or Guest speaker events. Feedback & Survey Tools such as Google Forms to understand the learning needs of volunteers, and make improvements.

5. Recognition and Appreciation

Acknowledge contributions to boost morale and value each volunteer.

Practical PM Tools Used: To recognize and validate the skills volunteers gain, digital badges and certificates awarded upon completion of achievement of certain milestones.

Event Day	General	Program	Social Media	Sponsorship	Technology
Recommendation	6	3	3	1	4
What could we do better?	2	4	4	1	4
what did we do well?	8	4	3	4	3

3. CONFLICT

Q: Have summit prep conflicts been effectively resolved?

**TOTAL CONFLICT
RESOLUTION RATE =
86%**

Conflict Resolution Rate

What is
Conflict
Resolution
Rate?

**Conflict Resolution Rate = Number
of Solved Conflicts / Total Conflicts
in Conflict Log**

How to
Get Data

From PM Summit Conflict Log

Number of Solved
Conflicts

Cooperativeness

Focus on others' needs and
mutual relationships

Hard to capture the data!

The next best thing is to create a conflict log.

What happened?	Who involved?*	Which method?	Did it work?	Time when the conflict fully resolved
The conflict	Instead of people, recommended to use roles, department names.	One of the Thomas-Kilmann Method	Yes/No	Time (Regularly check/update)

Principles of High Performing Team

**HIGH
RETENTION
RATE**

**HIGH PERFORMING
TEAMS**

Volunteer experience remains positive, challenges are managed effectively, and the environment adapts to change.

SUSTAINABILITY

Maintain high performance over time, adapt to changes, and continue to thrive.

**SATISFACTION &
COLLABORATION**

All team members are aligned and working towards common goals.

**EXPECTATIONS MET &
CONFLICT RESOLUTION**

Roles are clear, contributions are valued, and conflicts are constructively resolved.

TRUST

The core element that supports all other aspects of team dynamics.

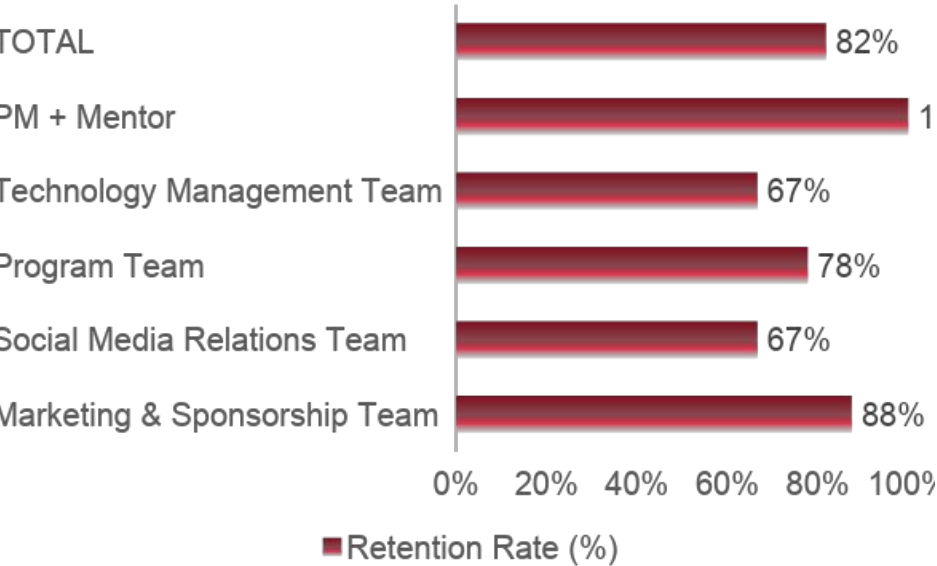

PROJECT MANAGEMENT
CENTER FOR EXCELLENCE

A.J. CLARK SCHOOL OF ENGINEERING
Civil & Environmental Engineering Department

High retention rates are both a sign of and a contributor to the success of the model, indicative of a well-functioning volunteer team.

4. RETENTION

**VOLUNTEER RETENTION
RATE =**

Volunteer **Retention** Rate (VRR)

What is
Retention
Rate?

VRR= (Volunteers at the End of the Period
- New Volunteers Acquired in the Period) /
Volunteers at the Start of the Period

How to
Get Data

Choose a specific period of time – one
year, one month, all time, etc. – and be
consistent in entering the metrics from that
time for accuracy.

Calculation

Volunteers at the Start of the Period	33
Volunteers at the End of the Period	30
New Volunteers Acquired in the Period	3
Total Volunteer Retention Rate	82%

KEY FINDINGS

- Volunteers' **economic and social impact** is profound and indispensable.
- Overcoming management challenges guided by **data-driven** insights **catalyzes** our **collective** potential.
- Our team's excellence is rooted in **trust**, built upon **clear goals** and **collaborative synergy**, driving us towards **sustainable success**.
- **Willingness to manage conflict** is key as it preserves team **unity and effectiveness**.

Volunteers become part of an organization to create a difference. Allow them to have an impact, let them **GLOW, GROW, and ENJOY!**

THANK YOU.
